COVID-19 Did Not Stop Tax Season

Hello Friends and Clients!

After 22 years in the business, I must admit this was the first time I had ever seen anything like this. Several accounting offices I drove by were closed and I was not sure if it was due to no business or social distancing. Nevertheless, our clients received the same 1st rate service and since much can now be done on-line, by phone or mail, there was no hinderance to getting things done. In fact, new clients were quite impressed with how quick and easy it was to get results while in quarantine. Volumes were down a little bit last month, but sales stayed amazingly steady confirming our industry model for small businesses, regular and late filers. With many employees now working out of the home, you may be [entitled to claim deductions](#), so let me know if this is the case. We'll continue to keep you posted about [COVID-19 developments](#) through our bulletins like this, [newsletters](#) and [Facebook page](#).

Hopefully things will normalize by the May long weekend for the quading season as I enjoy hang out with friends in the wild. [Many provinces are phasing in reopening businesses, etc.](#) by the end of this month. I am already planning the summer/ annual vacation with friends in August to Vancouver Island. In the meantime, I'm already looking forward to exploring the woods and my favorite ["steak on a stick"](#) over an open fire near the Rocky Mountains for the Victoria Day long weekend. Are you worried that [CRA is clamping down on late filers](#) and making it harder to put off? Tax time is never easy and that's why I am here to help you through that annual season which most Canadians find challenging----all year round. If you "Are Really, Really Behind on Your Taxes", no worries; I can help. Lastly, a *"Happy Mother's Day"* to all you Moms☺-without you, we couldn't be here!

Always at your tax service,

Neel
