

Adios NASA; hello Space Force!

By NEEL ROBERTS

A recent promotional video <https://www.facebook.com/samanthaalysmorlote/videos/1197226477385112/> called "The Sky's Not the Limit" by the new arm of the military, The US Space Force, <https://www.military.com/space-force>, (created June 18th, 2018) is much more than just rockets going outside the stratosphere. Unlike NASA, a US agency, the Space Force is a military operation geared for defence and protecting the public from evil. While President Trump may not be in the Washington White House, his legacy will be preserved according to a February 02nd, 2021 news statement from Joe Biden. The name itself maybe new but I believe this is the long-awaited release of the "UFO file" technology which is 2-3 generations ahead of our time. The UFO file is the highest classified report in the US government and possibly the world. Rated at Magistrate Level 35, it is 18 levels higher than the normal access a US President has and is rumored to have knowledge beyond our comprehension.

A February, 2021 Time Magazine article <https://www.breitbart.com/politics/2021/02/05/time-magazine-secret-well-funded-cabal-worked-to-protect-2020-election/?fbclid=IwAR227znlQxmnvvhWHf4w9SgxUex5umO8688jBspojx9g3BBG-Zfr89pMhjw> confirmed that last year's election was indeed rigged and according to the New York Times, 17% believe that "a group of Satan-worshipping elites who run a child sex ring are trying to control our politics." https://www.nytimes.com/2021/02/03/opinion/qanon-conspiracy-theories.html?smid=fb-nytimes&smtyp=cur&fbclid=IwAR1jzWRkdPrMcZqSI4rZtuSTpmyJkk1WBj3Z5pkoeH78hHvyc1cyljC0_5w. That is over 50,000,000 million Americans! A recent documentary called "Absolute Proof" <https://michaeljindell.com> by MyPillow CEO Mike Lindell has had over 100,000,000 views in under a week gives explicit details on how it was rigged. Since then, many others <https://rumble.com/>

[vdox49-the-100-truth-about-the-election-coup.html](https://www.vdox49-the-100-truth-about-the-election-coup.html) have come out. Unbeknownst to many, Trump is winning most of his lawsuits in the state courts and the public will come to know the truth soon. Is the Space Force being used now? We are still in the fog of war but the idea the behemoth NASA doing anything like this is not even fathomable. The late, great Rush Limbaugh's criticism of NASA in the early 90's on mainstream media <https://www.thegatewaypundit.com/2021/02/greatest-rush-limbaugh-called-bs-10-years-left-doomsday-cult-back-1992-video/> is now starting to make sense to the public as independent media is exploding in popularity. People are starting to learn about black budgets, secret projects and other mysteries designed to bloat a few elites while the rest of us suffer.

Is the Space Force the long-awaited "Trump card"? I agree with a very significant minority that believes Trump will be back sooner than you think as the public is now waking up to the massive corruption in governments, etc. Once the majority is awake, the justice phase is inevitable and maybe we will get to see the Space Force in action. According to the US constitution, the military can be used in cases of rebellion under The Insurrection Act of 1807 and the world may get a taste of this sooner than you think. Coincidentally, this lines up with the mission of the Space Force whereas NASA

has no mention of any nation or it's allegiance to it's American people even though the taxpayers have funded them since WW2. May the "Space" Force be with you as "The Best Is Yet To Come!" <https://promiseskept.com>
